

LAW 25 – Security measures

LL Communication’s technological infrastructure:

- Complies with Law 25;
- Has the appropriate mechanisms to ensure the expected level of security according to the sensitivity of the RP it processes;
- Has mechanisms to make all information concerning them easily accessible to a client, so as to enable them to consult it and correct it to the extent provided for by law;
- Has mechanisms allowing the propagation of updated or rectified RP.

For additional information, please contact Louise Lussier.
